1. **Policy statement**

Arden Multi-Academy Trust is an equal opportunities employer. The purpose of the Safer Recruitment and Selection Policy is to ensure that the Trust selects the most suitable person for the job based on merit, regardless of gender, race, sexuality, marital status, pregnancy or maternity, disability, age or religious belief.

Arden Multi-Academy Trust has a responsibility for and is committed to safeguarding and promoting the welfare of children, young people and vulnerable groups. All employees and volunteers are expected to share this commitment and to obtain the appropriate level of Disclosure and Barring Service check (DBS) and where relevant workforce checks and safeguarding checks as appropriate.

2. **Promoting equality of opportunity**

Arden Multi-Academy Trust are inclusive employers, who value the contributions of their employees and strive to be Employers of Choice. The world is constantly changing – it is more diverse and people now draw their sense of identity from a range of sources. Being aware of this changing demographic and the importance of identity for staff, customers and service users can make a real difference to competitiveness and the ability to deliver services.

At any point in the recruitment process the Trust could be accused of discriminatory practice for which there is no limit on the damages payable. Statutory equality duties, however, require the Trust to go further than preventing discrimination in the recruitment and selection process. They include the promotion of equality of opportunity and good relations/positive attitudes. It is essential therefore that action is taken to address instances of under-representation in the Trust's employee profile by, for instance, encouraging job applications from suitably qualified people who are members of those under-represented communities.

Mere compliance with legislation, though, is not enough. Emphasis must be placed on appreciating the benefits to the Trust's recruitment and selection approach that attracts the best talent from the widest possible pool.

3. **Data Protection**

The Trust/school/academy processes information about an individual's criminal convictions in accordance with its Data Protection Policy. In particular, data collected during recruitment is held securely and accessed by and disclosed to individuals, only for the purposes of completing the recruitment process. Inappropriate access or disclosure of employee data constitutes a data breach and should be reported in accordance with the Trust Data Protection Policy immediately. It may also constitute a disciplinary offence, which will be dealt with under the disciplinary procedure.

Once an individual is recruited, information about his/her criminal record gathered in the course of the vetting process will not be transferred to his/her personnel file.

4. The purpose

This Safer Recruitment and Selection Policy provides a framework and best practice guide that will help to ensure that the school/academy attracts, selects and retains the most suitable candidate for a post, using appropriate, fair, open, effective and robust methods.

It is the responsibility of everyone involved in the recruitment and selection of employees to ensure that all applicants and potential applicants are treated fairly and that all decisions made within the process are objective and based on the requirements for the job.

5. Key principles

Before commencing recruitment, all those involved must ensure that they have a clear understanding of this policy and associated Code of Practice and guidance.

All recruitment must be planned in advance. This includes identifying who should be involved, allocating roles and responsibilities, agreeing the timescales and seeking approvals where required regarding finance/governors.

- All vacancies must be advertised

All applicants must be assessed against the criteria on the person specification/or the application questions not each other.

involved. All members of the panel should be familiar with KCSIE (Part three) and the Safer Recruitment and Selection Policy.

- Prior to making a formal offer of appointment, two employment references covering the last 3 years must be taken up. These should be obtained prior to Interview as stated in Keeping Children Safe in Education by using the standard pro-forma giving the opportunity for exploration of missing information during the interview if necessary. One of the referees should be the applicant's current or last manager. Where an applicant has previously worked in a school, one of the referees should be the school/academy's Headteacher. As part of the appointment process for Headteacher and teachers the Governing Body should ask previous employers for details about whether the individual has been subject to capability procedures in the previous two years.
- Where qualifications have been listed in the person specification as essential (or desirable if the applicant has stated they have them on his/her application form) original certificates, must be obtained from the successful candidate and checked and verified by the recruiting manager.
